All Assets and Liabilities of the company and of its subsidiary are shown in the consolidated statement of financial position. The Interest of Non-controlling shareholders of the subsidiary is shown separately in the consolidated statement of financial position under the head "Non-controlling Interest".

## **1.4 Risk exposure**

### **a. Interest rate risk**

Interest rate risk is the risk that company faces due to unfavorable movements in the interest rates. Changes in the government's monetary policy, along with increased demand for loans/investments tend to increase the interest rates. Such rises in interest rates mostly affect companies having floating rate loans or companies investing in debt securities.

#### **Management perception:**

The company has been repaying borrowed funds on a continuous basis to reduce such interest risk.

### **b. Exchange Rate Risk**

Exchange rate risk occurs due to changes in exchange rates. As the company imports equipment from abroad and also earns revenue in foreign currency, unfavorable volatility or currency fluctuation may affect the profitability of the company. If exchange rate is increased against local currency opportunity will be created for generating more profit.

#### **Management perception:**

Saif Powertec Limited changes the price of their services in accordance with the change in exchange rate to mitigate the affect of unfavorable volatility in exchange rate on the company's earnings.

### **c. Industry risks**

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margins, market share, etc which could have an adverse impact on the business, financial condition and results of operation.

#### **Management perception:**

The Company continuously carries out research and development (R&D) to keep pace with the customer choices and fashions. As a local company, Saif Powertec Limited has a unique understanding of the requirements of its clients and customers and as such, shall continuously position itself as the first choice to its domestic market. Many foreign companies which wish to enter the Bangladesh market will seek Saif Powertec Limited as competitor.

### **d. Market Risks**

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

#### **Management perception:**

The needs for power, construction and infrastructure support services will continue to grow much faster in a developing country than other developed markets in the world. Strong management, timely and quality service has enabled the company to capture significant market share in the sector. And the company is continuously penetrating the market and upgrading the quality of their service to minimize the risk.

**e. Technology Related Risks**

Technology always plays a vital role for each and every type of business. Better technology can increase productivity and reduce costs of production. Firms are exposed to technology risks when there are better technologies available in the market than the one used by the company which may cause technological obsolescence and negative operational efficiency.

**Management perception:**

The Company is aware of technological changes and has adopted new technology according to its needs. Furthermore, routine and proper maintenance of the equipment carried out by the Company ensures longer service life for the existing equipment and facilities.

**f. Potential or Existing Government Regulations**

The company operates under Companies Act 1994 and other related regulations, Income Tax Ordinance 1984, Income Tax Rules 1984, Value Added Tax Act 1991 and Value Added Tax Rules 1991. Any abrupt changes of the policies made by the regulatory authorities may adversely affect the business of the company.

**Management perception:**

Since the Company operates in power, energy and infrastructure sector, the Government regulations are mostly investment-friendly. However, unless any policy change that may negatively and materially affect the industry as a whole, the business of the Company is expected not to be affected. As it is a thrust sector, it is highly unlikely that the Government will frustrate the growth of the industry with adverse policy measures.

**g. Operational risks**

Non-availability of materials/equipment/services may affect the smooth operational activities of the company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, unforeseen events, lack of supervision and negligence, leading to severe accidental losses, etc.

**Management perception:**

The company's equipment is under insurance coverage in order to get reasonable compensation for any damages. Apart from these, routine security check and proper maintenance of the equipment also reduce/eliminate the operational risk.

**2. Basis of preparation**

**2.1 Statement of compliance**

The financial statements have been prepared in accordance with International Accounting Standards (IAS), International Financial Reporting Standards (IFRS) and Companies Act 1994, Income Tax Ordinance 1984, Income Tax Rules 1984, Value Added Tax Act 1991 and Value Added Tax Rules 1991, Bangladesh Securities and Exchange Rules 1987 and other related regulations. Any abrupt changes of the policies made by the regulatory authorities may adversely affect the business of the company.

**2.2 Basis of measurement**

The financial statements have been prepared on historical cost basis except financial assets and liabilities which are stated at "fair value".

**2.3 Functional and presentational currency**

These financial statements are prepared in Bangladeshi Taka, which is the Company's functional currency.

**2.4 Use of estimates and judgments**

The preparation of financial statements in conformity with IAS/IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

## 2.5 Reporting period

Reporting period of the Company cover for 3 (Three) months period from 01 July 2018 to 30 September 2018.

## 2.6 Comparative Information and Rearrangement Thereof

In accordance with the provisions of IAS-1: Presentation of Financial Statements, Comparative information has been disclosed for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current year's financial statements.
